**Next Gen Towing Mirrors - Sleeker, Smarter, Safe**

- The Next Gen is a smaller mirror which sits on a double slide and slides right back into the vehicle when not towing just like an OEM mirror. When you hook your van up you simply slide the mirror head out an impressive 180mm, giving the ultimate vision you need to keep you safe when towing.
- Smaller head than Original Clearview Mirror
- Sturdy steel arm construction with telescopic 2 stage slide out extension
- Attaches to your original vehicle mirror mounts
- 3 telescopic arm positions: Normal driving position, First towing position, Extended towing position
- Large top flat glass for optimum vision and safety
- Repositioned convex bottom mirror to sit higher above the window line improving visibility
- Smaller frame size and overall shape reduces wind resistance
- 3 in 1 Category 6 LED indicator light
- Sits back in close to the car when not towing offering a more sleek, streamline look
- Available in both Manual Fold or Power Fold base

from **\$815**  
Manual fold

from **\$1315**  
Power fold

**ALL NEW CLEARVIEW COMPACT TOWING MIRRORS**

- Same compact features as the Next Gen mirror
- Even more compact design looks and functions great on smaller vehicles and vehicles fitted with service bodies
- Larger mirror surface than the average OEM mirror
- Large convex design ensures wide visibility and safety
- Choice of manual or Powerfold base
- Currently available to suit Toyota Hilux and Ford Ranger
- More models coming soon

from **\$815**

- 8000kg breaking strain
- Reinforced protective eyes
- 20% stretch
- 100% nylon wire VRSS88

**\$85**  
**\$60**

## SOFT SHACKLE

- 14,700KG minimum breaking strength (MBS)
- 10mm x 500mm
- High Strength UHMPE synthetic rope
- Abrasion resistant outer protective sheath
- Handy storage bag
- A safer alternative to traditional steel shackles MMSHK

**\$50**

## 2-IN-1 DEFLATOR

- Makes deflating your tyres quick & easy.
- Reducing your tyre pressure is a big part of going off-road
- Increases the tyre footprint, which greatly improves your traction and reduces the chance of getting bogged in soft, muddy, or sandy conditions.
- Allows your tyres to absorb rougher terrain as the tyre rolls over an obstacle, for example a rock or tree branch. MMDK02
